

CARLISLE PLEADS
FOR HIS MEASUREWANTS THE CURRENCY BILL
SEEN TO AT ONCE.

Committee on Rules Refused to Aid Him in Pushing the Matter to Adoption Before the Christmas Recess—Hawaiian Correspondence Sent to the Senate.

WASHINGTON, Dec. 19.—(Special)—Secretary Carlisle was at Capitol today urging action on his bill before the house before the holiday recess. The committee on rules refused to aid him. The secretary of the navy sent copies of the Hawaiian correspondence to the senate today. Notwithstanding the fact that the debate on the currency bill was scheduled to begin in the house yesterday less than one hundred members were present when Speaker Crisp dropped the gavel and the attendance in the public galleries was very light. Directly after the call of committees for reports, therefore, the chairman of the banking and currency committee moved that the house go into committee of the whole for consideration of the measure. His motion prevailed without division and Mr. Richardson of Tennessee took the chair. Mr. Walker of Massachusetts, in charge of the opposition to the measure, gave notice that at the proper time he would offer a substitute. Mr. Springer, before entering upon his argument, attempted to effect an arrangement by unanimous consent for setting the limits of debate. He asked that general debate should be considered closed on Saturday next, when the holiday recess would be taken. When Springer's request was referred Mr. Simpson of Kansas objected. The attempts to reach an agreement having failed, Mr. Springer took the floor and delivered the opening speech in favor of the currency bill. The great importance of the pending measure, he began, could not be more effectively emphasized than by referring to the report of the comptroller of the currency, which showed that last year there were 8,000,000 depositors in national banks having a capital stock aggregating \$1,069,000,000. Their deposits amounted to \$4,320,000,000. Mr. Springer declared that the committee had given the subject the most careful consideration. It had carefully examined the recommendations of the President and the secretary of the treasury; had called before it some of the ablest financiers in the country and the result had been the presentation of the pending measure as a measure of financial reform. Mr. Springer proceeded to detail at length the scheme of the bill, reviewing much of the ground covered in his report which has already been printed. Mr. Sickles of New York interrupted Mr. Springer to ask him how he reconciled the second and fifth sections of the bill. The second provided that the note holders should have a first lien on the assets of the bank issuing them; the fifth gave the association of banks contributing to the safety fund a first lien on the assets. Mr. Springer replied that the proposed act gave the bill holders the first lien on the assets, the banking association a first lien on the "remaining" assets.

"In case of panic, if half the banks in this proposed system," inquired Mr. Mahon of Pennsylvania, "should fail, would the other half be assessed to redeem the failed banks' notes?"

"Certainly."

"That is, the solvent banks would be bankrupted to aid the insolvent?"

"There would be no such result," replied Mr. Springer; "if all the banks should fail under this system the note holders would be secure."

In answer to an inquiry by Mr. Simpson of Kansas Mr. Springer admitted that time alone could determine the amount of circulation which would be taken out under any law, but that as far as the retirement of the legal tenders was concerned, for every dollar deposited in the treasury by the banks \$2 in circulating notes would be issued.

Mr. Springer gave notice that at the proper time he would offer sundry amendments looking to the perfection of the bill, among them one permitting the deposit of currency certificates issued under the act of 1873, \$54,000,000 of which were outstanding. Mr. Springer explained that he did not oppose the repeal of the tax on state banks as a separate measure, but when made a part of a general system of financial reform he considered it safe, although he was frank to say that he would prefer simply national bank circulation.

Mr. Tracey (dem., N. Y.) interrupted to ask if his bill would retire the Sherman notes.

"Yes, sir," replied Mr. Walker. His bill, he declared, would bring the country back to the old democratic currency doctrines of Jackson and Benton. The banks when it was in operation would hold \$250,000,000 of gold and \$250,000,000 of silver.

Mr. Hall (dem., Mo.) contended the Carlisle bill was opposed by the national banks because they preferred the Baltimore plan. They opposed the Carlisle bill on account of the fifth section, which made the banks solely responsible for their issues.

Mr. Henderson of North Carolina reported the postoffice appropriation bill and the house adjourned.

Hill Wants Senate Rules Changed.

WASHINGTON, Dec. 19.—In the senate yesterday Mr. Lodge introduced a resolution calling on the President for the correspondence in the extradition case of Gen. Ezeta and asked for its present consideration, but Mr. Gray (dem., Del.) objected.

Mr. Hill (dem., N. Y.) then took the floor and made a speech on the rules of the senate. He contended that the present rules were obsolete and new ones absolutely needed. There was some discussion of the change of rules by Senators Hoar and Aldrich, but at 2 o'clock the Nicaragua Canal bill was taken up. Before Mr. Turpie (dem., Ind.) resumed his speech, Mr. Harris (dem., Tenn.) gave notice that to-day he would call up the bill for a military park at Shiloh.

Mr. Turpie devoted some time to consideration of the questions of the concessions and of the forfeitures possible in the event of the non-completion of the canal within ten years from 1887. The concessions, he said, gave no title and no sort of property rights to the company. The whole thing appeared to Mr. Turpie as having every indication of being a gorgeous bubble. There was nothing in the bill to secure the completion of the canal or any part of it. Without waiting the conclusion of the speech the senate went into executive session and at 4:28 p. m. adjourned.

Senators Favor the Railroads.

WASHINGTON, Dec. 19.—The senate committee on public lands yesterday decided to report adversely the house bill providing for the forfeiture of the lands of grants where the roads were not completed in the time specified in the bills making them, though built at a later period. If the bill should become a law it would result in restoring about 54,000,000 acres of land to the public domain, 36,000,000 acres of which lies along the line of the Northern Pacific road west of Bismarck, N. D.

HUNTINGTON DIED
BY HIS OWN HANDTHE COUNCIL BLUFFS' TRAGEDY
CLEARED UP.

Inquest Shows That the Fatal Bullets Came From Huntington's Own Pistol—The Minneapolis Murder Case Grows More Complicated Each Day.

COUNCIL BLUFFS, Iowa, Dec. 19.—The inquest over the body of John R. Huntington, the bank clerk who killed himself Sunday after trying to murder Inspector Cromwell and Supt. Hayden of the Fidelity and Casualty company, was completed yesterday. The verdict was that Huntington killed himself. The bullets taken from Cromwell and that taken from the head of Huntington were weighed by a jeweler and were found to be from the same revolver. A story was started that Huntington's relatives accused Frank N. Haden, superintendent of the bonding company, of the murder of Huntington, but it was proved false. An inspection of the bank's books yesterday afternoon showed that the records of both Huntington and Hendricks, the receiving teller, were defective, but it is claimed that Huntington admitted to Director F. O. Gleason that the error was his. Hayden and Cromwell are recovering from their wounds.

THE TOOL OF A CONSPIRACY.

New Phase of the Defense in the Gling Murder Case.

MINNEAPOLIS, Minn., Dec. 19.—W. W. Hayward, father of the two Haywards under arrest for the Gling murder, is reported to have said that Blixt, who confessed to the shooting, is the tool of an organized conspiracy, and the headquarters, he says, are not located in Minneapolis. R. R. Odell, attorney for Blixt, has had long talks with his client and he admits he has drawn out some startling information which the prosecution failed to get. He says it will not affect the line of his defense but will show that Blixt was controlled by a plot. Mrs. Blixt, wife of the prisoner, made a statement in writing for the benefit of her husband yesterday. She says plainly that for a long time Harry Hayward has had an influence over her husband. Blixt told her several times that some day Hayward would be the death of him. It now seems settled that W. W. Erwin will defend Harry Hayward. It is asserted he would not take the case unless it was understood that he did not have to protect Adry Hayward, too, and now it is believed he intends to drag Adry Hayward and Blixt in as the real conspirators.

IRRIGATION IN NEBRASKA.

Opening at Kearney of the State Association's Convention.

KEARNEY, Neb., Dec. 19.—The second annual convention of the Nebraska State Irrigation association opened in the Kearney opera house yesterday and will continue in session two days. Mayor Brady made an address of welcome to the delegates. He called their attention to the Kearney canal, as the pioneer attempt in Nebraska for utilizing water of the Platte both to the purpose of irrigation and development of power. John Powers read a paper advocating that the government establish a vast system of irrigation to reach the great arid and semi-arid lands of the west. The plan included the payment if necessary of labor so used in labor script. The irrigation canals were to be of such dimensions as to provide the transportation of the products of the soil. All are to be exclusively under government control.

Fraker's Heirs Win.

KANSAS CITY, Mo., Dec. 19.—After three weeks consumed in its trial and one day's argument the jury yesterday in twenty-one minutes after receiving its instructions returned a verdict in the famous Dr. Fraker insurance case. He was a physician with a moderate practice. At Excelsior Springs, Mo., July 10, 1893, while on a fishing trip in Missouri, he slipped from the bank and was drowned. The body was never recovered, and the companies claimed fraud. The policies on his life amount to nearly \$45,000, and his heirs will receive the money.

LONDON, Dec. 19.—The queen left Windsor today for Osborne.

CONSTANTINOPLE, Dec. 19.—It is now said President Cleveland will, after all, accede to the Porte's request to send a delegate with the commission appointed to inquire into the stories of atrocities upon the part of Turkish soldiery in Armenia. The sittings of the commission will probably be held at Moosh.

WASHINGTON, Dec. 19.—Inquiry at the state department shows the President has taken no fresh action in the matter of sending Mr. Jewett to investigate the Armenian atrocities since his last report to congress. Secretary Gresham said the matter remained in exactly the same state as it did when the Porte refused to allow Mr. Jewett to accompany the commission on the terms offered by the President.

FIVE MEN WERE BLOWN INTO ATOMS

Further Details of the Explosion at West Bay City, Michigan.

WEST BAY CITY, Mich., Dec. 19.—A boiler explosion in Russell Bros.' box factory yesterday killed five men, injured a number of others. The dead are:

JOHN CALICUTT, fireman, aged 21.
GEORGE PRUND, aged 17.
ALBERT RAHN, aged 16.
JOHN BRANN, aged 15.
AL HEAVENBACHER, aged 17.

The injured:

FRED WILDAUGER, leg bruised.
CHARLES DODGE, back injured.
GEORGE HUDSON, face badly cut.

One boy is still missing and is believed to be buried in the debris. The explosion occurred while the mill was shut down for a few moments, the boys flocking to the engine room to eat lunch. All the bodies were terribly mutilated and almost unrecognizable. The cause of the explosion has not been determined. John Haining, the engineer, stepped out of the room a moment before the explosion occurred and escaped uninjured. Heavenbach, one of the injured, was pinned under fallen timbers and bricks, and his screams were terrible. A dozen hands went to his rescue, and when taken out he was found to be only slightly injured. Several of the boys were the only support of families. Some of the employees assert that complaint had been made of the bad condition of the boiler and that the firm had been asked to shut down long enough to make repairs, but this they deny. The coroner has employed several leading boiler makers to make an investigation. The pecuniary loss is small, the mill, which is separated from the boiler room by a few feet, being only slightly damaged.

THE LAST DAY.

American Federation of Labor Adjourns Sine Die.

DENVER, Colo., Dec. 19.—Citizen Thomas Jefferson Morgan, Chicago's notorious socialist, was jumped on with both feet in the Federation of Labor convention yesterday. Trouble originated during the discussion of a resolution presented by Mr. Weisman of the Bakers' union, regarding the trouble between his organization and the Central Labor Federation of New York. Delegate Morgan declared that the resolution would hardly have the desired effect, as Mr. Weisman was a party to the dispute. Mr. Weisman made some scathing reference to Mr. Morgan. Mr. Morgan, during his response to Mr. Weisman, was called to order by President Gompers. A resolution censuring Judge Woods' decision in the Debbis case was unanimously adopted. Chairman Bramwood of the committee on Phillips' bill, providing a commission to consider labor laws, reported favorably. It was adopted.

Resolutions commendatory of President Gompers were introduced by the United Mine Workers' delegates and passed.

At 12:30 the convention adjourned until 2 o'clock. When the afternoon session was called to order the committee on laws reported on a large number of resolutions and amendments to the laws of the organization. The most important was one providing that in future conventions the reports of the grievance committees shall be made in executive session, which was adopted. It is hoped by this means to prevent the publicity of some of the scenes that occasionally distinguish the discussion of these reports.

Mr. Perna made a speech in which he made a bitter attack on the present officers of the Knights of Labor. He mentioned the names of Sovereign, Bishop and Hayes. A resolution declining to affiliate in any way with the Knights of Labor so long as that organization occupies its present position upon important questions concerning organized labor was adopted.

John McBride, Samuel Gompers and P. J. McGuire were named as the delegates to the next conference of labor organizations.

A resolution favoring a federal law to protect labels of organized labor was adopted. At 6 o'clock the convention adjourned sine die.

The 'Ute invasion' was shown by investigation never to have existed. There was no cause for alarm and the whole scare seems divided between a desire of the cowboys for grass and the anxiety of Utah's governor for well repaired political fences when Utah secures a statehood. The Indian agent accuses Gov. West of political aspirations. There are but few Utes in this section and they declare that they have committed no depredations or lawless acts."

CARE OF THE POOR NOW THE SUBJECT

COUNTY BOARD COMMITTEE HOLD A MEETING.

Many Country Members Want to Return to the Township System While City and Village Supervisors Are Against the Change—The Arguments Advanced.

"How to care for Rock county's poor," is now being considered by a special committee of the board of supervisors, under authority of a resolution of the board to investigate and report upon the propriety of returning to the township system.

The special committee consists of Supervisors T. B. Bailey, of Beloit city; D. P. Smith, of Janesville; Robert More, of Bradford; K. Killam, of Milton; A. Powers, of Beloit town, and W. P. Bentley, of Edgerton, and they held their first meeting at the court house yesterday afternoon.

There seems to be a diversity of opinion among the members. Some of the country members are of the opinion that they are being taxed too heavily under the present system, claiming that a large majority of the poor are from the cities and villages, and that the burdens would be lighter under the township system, where each town, village and city would take care of its own poor. Village and city members contend that while under the county system it may appear as claimed by the country members, that the country members forget that these unfortunate people concentrate in the villages and cities, knowing that their wages can be easier supplied, but that in case the township system was in force these people would be compelled to register, and that invariably the lines would be so drawn that such concentration would be impossible.

License Question Up, Too.

The question of license money was also considered, and it was on account of the refusal of the cities and villages to pay over fifty dollars for each license that this question was brought before the board. The law requires that \$50 for each liquor license granted shall be paid to the county for the support of the poor, provided the license money is not otherwise appropriated. For some years past this money has been "otherwise appropriated," and the county received nothing. The committee did not arrive at any understanding at their meeting yesterday, but will meet again on next Wednesday, when District Attorney Wheeler will be called upon to explain the law. A test case regarding the payment of the license money is now pending in the supreme court, it being Rock County against the City of Edgerton, and a decision is expected in January. Much will depend on the decision of this court. If the court decides that the money must be paid, whether it has been "otherwise appropriated" or not, the question of returning to the township system will probably be dropped. Otherwise it will be a question for the board to consider at their January meeting. However, members of the board who claim to be posted, insist that but very few of the towns would be benefitted, and that a change, under any circumstances, is not likely to take place.

After twelve years of faithful service J. D. Rexford yesterday retired from the president's chair of the Janesville Machine Company, he asking to be relieved from the responsibilities of the office he had filled so long. Lovejoy, James Harris, David Jeffris, G. C. McLean, A. M. Valentine, Hiram Merrill and Isaac Farnsworth.

The directors met soon afterward and shortly after 4 o'clock reported the election of officers as follows: President—A. P. Lovejoy. Vice President—Hiram Merrill. Secretary and Treasurer—Isaac Farnsworth.

The record made by the company is a good one and it has the proud distinction of being the only concern of the kind in the country that didn't shut down during the hard times. No important changes in the way of improvements, or in the patterns of the machines manufactured, have been made, yet the company have kept abreast of the times and maintained their standing as one of the best of Janesville's industries and the equal of any similar firm in the state.

COMMON SENSE CHRISTMAS GIFT

Save Your Wife and Children By Giving Them a Life Insurance Policy.

One of the most difficult problems for a man to solve is what to get for his wife and children for a Christmas present. Toys would certainly please the little ones, but of what benefit are they. Suppose the husband and father should die, no toys perhaps then could be purchased, the mother probably could not get a new dress and all because you did not follow our advice and insure your life with the New York Life Insurance Co. Such a policy would make the best present one could give his wife. The following speaks very highly for this company.

New York City, Nov. 28, '94.—We, the Insurance Commissioners and Superintendents of the states of Massachusetts, Illinois, Kansas, Kentucky, Missouri, Ohio and Texas, pursuant to the invitation of the president of the company, dated June 1, 1894, do hereby certify that we have been for the past four months engaged in a thorough and searching official investigation into the affairs of the New York Life Insurance Company of the city of New York.

We further certify that each stock and bond owned, each collateral loan, each bond and mortgage loan made, the cash and each bank certificate of deposit, was carefully examined, checked and verified; that the policy loans and premium notes were examined and checked with the reserve on each policy; that interests and rents due and accrued, unreported and deferred premiums, were also verified; that the values of stocks and bonds owned, and real estate owned, were individually and closely scrutinized and conservatively made; that the title to each piece of property secured and bond and mortgage loan made since the 1891 New York State Insurance Department investigation was examined and found satisfactory. That the policy reserve was checked and verified by the actuaries of our several state insurance departments, and that every policy and its reserve on the books of the company, was checked individually with the valuation policy registers of the Massachusetts department; that all sundry liabilities were also verified; that each debit and credit entry in the company's books was checked from the date of the said New York State investigation; and that as a result, on the most conservative basis of valuation, we found the company possessed of assets satisfactory to us, amounting to \$155,453,428.73 and that after providing for all possible liabilities, including \$135,058,291.00 for outstanding policy reserve, as per the "combined experience table of mortality" with 4 per cent. interest, the total of the same amounted to \$138,124,303.81.

We further certify that, by the severest test, the net surplus to policy holders, after providing for every liability, and deducting agents' balances, was on June 30, 1894, \$17,329,064.92. In witness thereof, we have hereunto subscribed our respective names, in the City of New York, the day and year above written. G. S. Merrill, Insurance Commissioner, State of Massachusetts; chairman; Bradford K. Duffee, Superintendent of Insurance, State of Illinois; S. H. Snider, Superintendent of Insurance, State of Kansas; Henry F. Duncan, Commissioner of Insurance, State of Kentucky; James N. Waddill, Superintendent of Insurance, State of Missouri; W. M. Hahn, Superintendent of Insurance, State of Ohio; John E. Hollingsworth, Insurance Commissioner, State of Texas.

The above speaks in the most glowing terms of the New York Life Insurance Co. Just ask yourself the question if you could get a more appropriate Christmas present for your wife than a policy on your life with the above company and when you have decided, see Stuart A. Chase, general agent at room 1, Palmer block W. Milwaukee street and he will give you the best.

SHALL THEY FLOUT THE ARMY'S IDOL?

SHAMEFUL LACK OF DEFERENCE TO GEN. DOE

Forgetting the Fact That His Military Experience Entitles Him to Respect the War Department Decides Against the Janesville Man and in Favor of Schofield.

"Oh! Horrors!" Turn the country over to the coffee-coolers and southern brigadiers; Loose the dogs of war!

The last straw has descended from the skies.

General Schofield the mere commander-in-chief of the armies of the United States, has triumphed over a genuine soldier and the indignity is too much for Wisconsin people to stand.

Our own General Doe has been sat down upon.

Think of it!

Look up the records and see just what puny battles General Schofield took a hand in during the counterfeit war that occurred some years ago. True, it was so simple and common-place a war that few Janesville people remember it. There was only a few thousands of barrels of blood split and only a few hundred thousand of brave soldiers were killed. General Schofield was only engaged in it a few years and during that time he never commanded more than 100,000 men.

Yet he presumes to know about war; yes he does; the upstart!

Then look through the other records.

Read about how General Doe commanded the Janesville Guards. Look through the records of the adjutant general's office at Madison. See with what a military skill the roster job was planned and executed. Ask Jere Murphy if he found the "gin'ral" the night that the militia went down to Clinton to get Bitson. Look up his war record during the labor troubles at Eau Claire, which complications were instantly dispelled by the appearance of his military uniform accompanied by his voice.

Can a man of General Schofield's limited experience be compared to a man with such a roster-war record as General Doe possesses?

But they have compared them.

General Doe ordered the court martial of one Captain Morrison for alleged insubordination during the strike. Gen Schofield opposed the idea; yes, he really dared to, and—by—um, well, we'll print it in small type: general schofield won and Joey's order was revoked.

Red lights, sobs, slow music, curtain!

C. T. A. MAKING GREAT PREPARATION

Annual Banquet and Ball Will Be a Joyous Affair.

Great preparations are being made for the annual banquet and ball of the Commercial Travelers association which will be given at the Park Hotel, December 26. Mrs. Archie Galbraith will have the banquet in charge and Smith's orchestra will furnish the music.

The entertainment committee consists of C. B. Evans, Fred Van de Water, T. O. Howe, H. L. McNamara and J. S. Gilkey.

The reception committee is composed of A. F. Spooner, L. C. Baker, J. H. Nicholson, E. C. Burdick, Fred Howe, J. P. Baker, R. B. McCutchen and James H. Burns.

L. H. Becker, B. H. Pulker and F. Pendleton are the floor committee.

What Weather We Are Having.

A smiling providence greets our efforts in East River Park; our house there progresses, our barn is up and nearly enclosed; our wagonettes are growing toward completion.

Within a year from to-day (mark the date of this ad. Dec. 18, 1894) you will wish you had bought one of these East River Park homesites, or you will be thanking your stars that you did buy one. Which shall it be? Homesites with artesian water and a line of transportation right from the door of the home to the postoffice, is hard to find at less than \$600 to \$800 in this city; in most cities as good as Janesville such lots would sell at \$1000 or upwards. These East River Park Homesites go now at \$400 per site. You never saw such sights before as these sites.

OAK LAWN HOSPITAL TO CLOSE

No More Patients Will Be Received and the Doors Shut Jan. 1

No more patients will be taken to the Oak Lawn hospital after today, and on January 1, the institution will be closed until something turns up to guarantee its re-opening. This decision was reached at the directors' meeting last night which was held in the Carrington office. Officers for the ensuing year were elected as follows:

President—W. T. Vankirk. Vice President—Mrs. S. H. Carrington.

Secretary—Frank C. Haselton.

Treasurer—S. B. Smith.

Mrs. C. S. Crosby, Mrs. J. L. Ford and I. C. Brownell were appointed a committee to inventory the property and make the necessary arrangements for a tenant to take care of the property.

And thus passes away an institution that Janesville was justly proud of, and one that furnished the comforts of life to many a sufferer that otherwise would have had to go to the poor house. Here such cases were cared for; the best medical and surgical treatment was extended to them and without charge unless the patient was able to pay. Janesville physicians have donated their skill and brains; members of the fire police have turned out uncomplainingly in summer's sun and winter's snow, abandoning their dinners at noon when the call came and hustling into their clothes in the dead of the winter's night, that the injured or the sick might be taken to a place where their sufferings could be ministered to. Other cities commended and envied but none equalled. The hospital had a wide reputation and it was with the deepest regret that the decision to close up was reached. But what else can be done? If any one has a suggestion to make let them come forward.

DIDN'T WANT TO GET MARRIED.

One Janesville Woman Will Always Be Single.

Janesville has one woman who will never be married. She has earned her own living for years. One day last week she was hanging the week's washing on the line, when a well dressed man who she never seen before walked calmly into the yard and made a sympathetic plea for the hand and heart of the lady. He acknowledged he had ever had the pleasure of her acquaintance, but declared it was a case of love at first sight with him. He had two children, had lost his wife two years ago, and badly needed another. No such plea could touch her heart nor did she care for love at first sight or any man's love.

"No sir, rec!" said she in reply to the proposal. "I don't want to be married, and instead of getting out of work I would be getting into it."

It is needless to say the lover left discouraged. In relating her experience to a friend, the still single female said:

"Wouldn't that knock you silly?"

EAU CLAIRE PEOPLE BAR "PROF." FLINT

THEY WANT NO MORE HYPNOTISM IN THEIRS.

The Be-Whiskered Expert Wants to Play a Week There But the Populace Are Up In Arms and Say a Lynching Would Result—Opera House Manager Is Obdurate.

Doctor Flint and the city of Eau Claire are playing hide and seek with each other.

The Mabel Briggs case is the cause of it and the end is not yet.

Janesville people will remember that the long whiskered hypnotic expert was called from Janesville to Eau Claire to hypnotize the girl to see if he could break the spell that Dr. Pickin and his son Assegail were said to hold over her.

He was unsuccessful; But—

He had made a barrel of money in Eau Claire and now that the town is all torn up over the palmistry and mental suasion that is alleged to have been used, and residents are hypnotizing each other with great regularity, he wants to go back there and head up a few more kegs of cash. He had selected the week after Christmas as the date but there is a prospect of a lively time over the engagement. Mayor Cameron has personally requested Manager Burlingame of the opera house to cancel the engagement. The mayor told Mr. Burlingame that the request was made at the suggestion of a number of prominent citizens, and that the excitement over the Pickin cases was at such a height that it would not take very much to cause a mob to gather for the purpose of lynching Pickin; that if he, Burlingame, had seen as much of this case as others had he would realize how terrible it was, and what a state of public feeling existed.

Manager Burlingame replied that he had made a contract for the performance and could not afford to cancel it and forfeit \$200, but would cancel it if the prominent citizens were willing to reimburse him for what he would lose. Burlingame said to-day that he proposed to go ahead and give the show unless stopped by the police. The mayor has written to the professor, and asked him not to come to Eau Claire.

And there you are. In the meantime any stranger who makes a hypnotic "pass" at another person, goes out of town on a rail, and the person who shows a disposition to shake hands with anyone else is immediately shadowed by a detective.

WHERE DOES CUNNINGHAMS LIVE?

Some Say Chicago and Some Janesville Is the Alderman's Home.

Where is the residence of Alderman W. M. Cunningham of the Fourth ward? The question was raised after the last council meeting and several aldermen gave as their opinion that if he had engaged in business in Chicago that city was his home. City Clerk Bates was informally requested to write him and find out. If Mr. Cunningham's removal changes his residence it will be necessary to hold a special election to name his successor.

One Man's Ideas.

The progressiveness of a firm is often shown by the windows they present. A window craze seems to have struck Janesville, this year, many ideas have been presented, all of which are very good, but the "swellest" window yet presented is that of Prentice & Evenson, which was just completed last evening. It is very attractive, and when one stops to look at it, its infatuation holds you there. Will Evenson is full of ideas in his line and he is continually presenting something new and original.

The Word "Slight" Unknown.

Engineers' supplies, packings, all kinds of valves and steam fittings can be had at Green & Allen's, on the bridge. Being experts in the use of all the above articles they keep a big stock and always bear in mind that the prices are in keeping with the times. They also make a specialty of hot water and steam heating, and when they do a job, they take the same interest in it as if it was their own.

Our Little Bill of Fare.

COKE WORKERS IN A FIGHT.

Two Hundred Shots Are Fired at Union Men Near the Valley Works.

PITTSBURG, Pa., Dec. 19.—A morning paper prints a dispatch from Uniontown telling of a fight between the coke strikers and the non-union men. The fight occurred near the Valley works. The union men had driven their opponents from the public places repeatedly and the latter decided to retaliate. The non-union men armed themselves with revolvers and congregated at the store, half of their force being placed in ambush. When the strikers appeared they made threats against the men and attempted to drive them away. A fight ensued. The men hiding appeared on the scene and the strikers, finding themselves outnumbered, started to run. At least 200 shots were fired, it is said, and it is known that one man, a striker, was shot and his injury may prove fatal. He became exhausted from the loss of blood and his friends carried him home. It is said that a number of others were more or less injured.

One of the children lived several hours and the other died almost instantly. Mr. Jones was at Washburn at the time of the affair. The family moved to this county about four years ago from Princeton, Mo. Three other children were not harmed.

MISCELLANEOUS.

BUY your wife a parrot for Christmas and have some talking in the house. Splendid ones at Helmstret's drugstore.

WHAT shall the Christmas gift be? If we had a son, which we haven't, we would say to him "stop smoking," (which he probably couldn't) and buy with the money you would save, a home site on which to build a home or speculation.

In case he would not listen to the advice we should buy one for him, making a present of the first payment and the contract and no doubt he would some way keep up the future extra monthly payments (even if the smoking habit had to go) and thus secure the property.

Quite an undertaking and investment to start this, say you? Not so much of one as it might at first blush seem, say we. Just as an encouragement for this plan of making Christmas presents, we will sell twenty full sized lots as good as there are in the city at ONE HUNDRED AND FIVE DOLLARS each, \$5 cash down and one dollar per week for one hundred weeks and then he lot will be paid for in full. No interest, nothing, but exactly \$105 for a full size lot by 32 foot lot and remember there cannot be bought a better lot at any price.

If the old folks don't avail themselves of this offer, you come in boys and girls and let us show you the lots, and we are very sure you will buy a lot and make yourself a Christmas present. We never, you never, no one else ever saw such a chance for either old or young people to get a home site. We assure you who may get these twenty lots that the lots adjoining yours shall never be sold at less than \$150 to \$200 each; and we feel confident we shall get \$250 each for every lot adjoining these twenty lots that we now offer you at \$105 each on easy (one dollar) weekly payments. It may seem strange to you that such a bargain is offered, and it is strange, and never again will such a chance to become a land owner occur. These twenty lots are for sale next to a person, no man, woman, boy or girl can get but one of these twenty lots, and no lot adjoining either one of these can be bought to-day spot cash at less than \$150 up. The deal is simply one of our "rattling" deals, and we shall never repeat the offer after these twenty lots are sold. Hadn't you better come in at once? Yours very truly, just the same as heretofore. GEO. L. & SARAH H. CARLINGTON.

A Gross Act of Cruelty.

Why should we be cruel to ourselves? It is a piece of senseless inhumanity, for instance, for any one of us to inflict upon his bowels and stomach the convulsive, griping, violent action of a drastic cathartic. Many people enmeshed of pills, powders and potions are continually doing this. They are the only "keeping up the agony," perpetuating the disturbance by this foolish course. Why don't they take Hostetter's Stomach Bitters and get thoroughly and promptly straight? This supreme laxative never gripes, never produces violent effects of any sort. But it is very effective and brings about permanent results. For liver complaint, dyspepsia, nervousness, lack of vitality, rheumatic and kidney complaints it is eminently serviceable. In old age and to accelerate convalescence it is strongly to be commended. Use it for malaria.

A WOMAN'S LIFE.

SOME THINGS MEN DON'T CONSIDER
Thousands of Women Suffer Daily for Years without Complaining.

[SPECIAL TO OUR LADY READERS.]

Men cannot know the sensibilities hidden in the delicate organisms of women. They suffer without why, and die the only way that relief is so hard to find. Lydia E. Pinkham forever stands as the best in the love of suffering women. Because she discovered the cause of woman's weakness and suffering, and found the means to remove it. Diseases of the Uterus and ovarian troubles are most universal; you can see their ravages in pale faces; it is indicated by halting steps, dizziness, faintness, irritability, melancholy, extreme lassitude, nervousness, sleeplessness, and disturbances of the stomach.

You will hear your friends speak of the dreadful "backache," the crushing sense of "bearing down."

Lydia E. Pinkham's Vegetable Compound for twenty years has saved women from all this. Hear this woman speak:—

"No man ever suffered a single pang like unto woman."

"Women, therefore, gladly turn to a woman for sympathy, counsel, and help in their peculiar troubles."

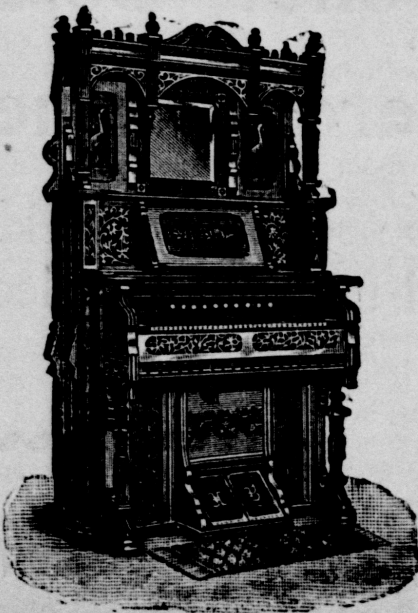

"Lydia E. Pinkham deserves the confidences shown her by thousands. Her Vegetable Compound has done more for women than any other remedy."

"The great cause of woman's misery is in her womb. Lydia E. Pinkham's Vegetable Compound goes direct to the source of trouble, drives out disease, and cures backache, fainting, despondency, bloating, ovarian troubles, and leucorrhoea."

"I would have been in my grave if I had not taken Mrs. Pinkham's medicines."
